

BRIEF CV

Mickey Toftkjær Kongerslev is currently chief psychologist for Mental Health Services West, Region Zealand, as well as president for the Danish Institute of Personality Theory and Psychopathology (IPTP) and professor of personality disorders and psychotherapy at the Department of Psychology, University of Southern Denmark. Though he is currently primarily working as a manager of a mental health hospital, he also does research, primarily on personality disorders and psychotherapy, and used to work part-time as clinical psychologist doing mentalization-based treatment for personality disorders.

Selected publications:

Bach, B., Simonsen, E., Kongerslev, M. T., Bo, S., Hastrup, L. H., Simonsen, S., & Sellbom, M. (2023). ICD-11 personality disorder features in the Danish general population. *Psychiatry Research*, *328*: 115484.
